## **Nauru Commemorative Coins**

### **Background**

The management of Nauru's commemorative coins is by the Ministry and Department of Finance. Nauru has a long history of issuing commemorative coins going back to the 1990's with the first coins being produced in 1993. Since that time the Government of Nauru issued a wide range of coins commemorating national and international events.

### **Why Issue Commemorative Coins?**

There are many reasons to issue these coins including:

- *To commemorate anniversaries and special events both within Nauru and with our partner countries*
- *To be present in the commemorative coin business sector (most countries develop commemorative coin programs in addition to their stamp issues)*
- *To give a positive impression of the culture of Nauru and to support the history and tradition for the future generations*
- *To raise international awareness of Nauru by the commemorative coin sector*
- *To satisfy and develop the demand of the collectors and partners*
- *To participate in international programs and events (e.g. Olympics, FIFA etc)*
- *The use of commemorative coins as silent but effect ambassadors of Nauru*

### **Contact Details**

The sales will be coordinated by our agent for coins, the German company MDM. Interested parties and collectors can purchase them directly from our partner. For further information please contact them at: [info.wca@mdm.de](mailto:info.wca@mdm.de).

New coins will be added on an ongoing basis and this site will be updated regularly.
